

# Year 7 Science

Except for the Introduction to Science topic, to avoid clashes with practical equipment, each term's topics are taught in a different order for different classes within that year group.

# Year 8 Science

To avoid clashes with practical equipment, each term's topics are taught in a different order for different classes within that year group.

# Year 9 Science

To avoid clashes with practical equipment, each term's topics are taught in a different order for different classes within that year group.
